**I'll Take the
High Road**
(and You Take the Low)

I'll Take the High Road (and You Take the Low)

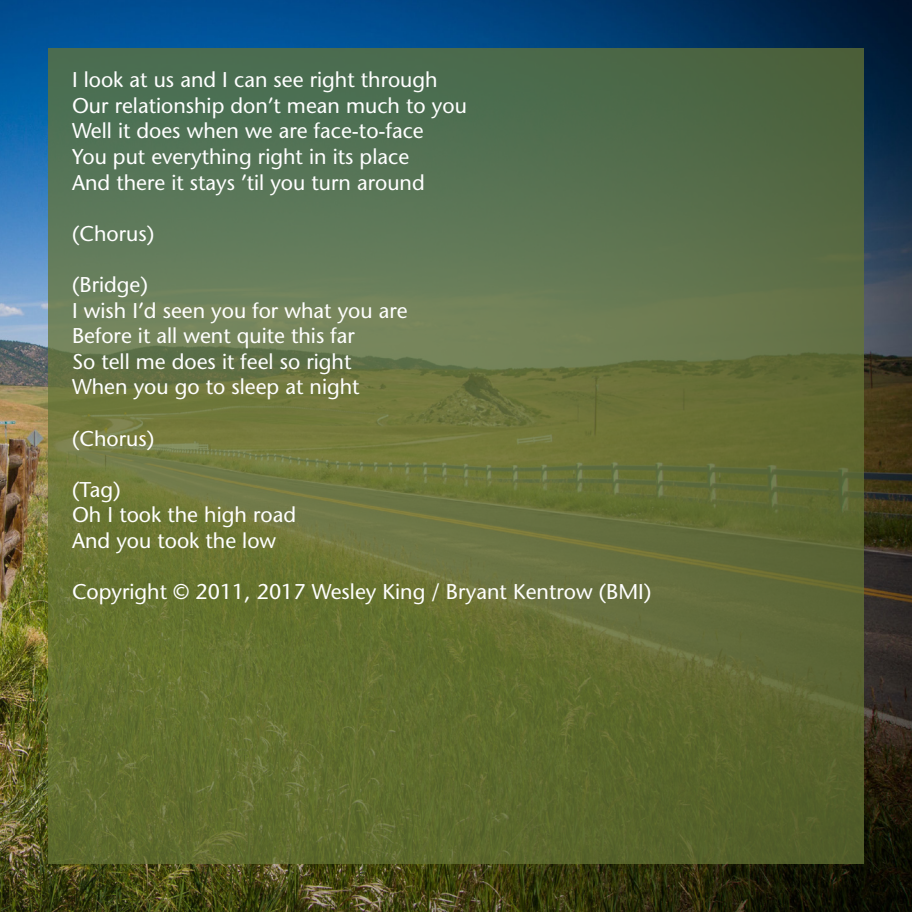

Originally written in early 2011; revised in November 2016.

I look at you and see some kind of fool
You run around thinking you're so cool
You smile at everyone that you meet
You got 'em bowing right at your feet
But for me you're nowhere to be found

You look at me and see something to take
You slither up like some kind of snake
You take everything that you can
And run away like you've got a plan
Well now you're gone and you leave me to drown

(Chorus)

I'll take the high road
And you take the low
'Cause unlike you
I got nothing to show
We'll meet on the far side
And see how it goes
But I took the high road
And you took the low
Oh, I took the high road
And you took the low

I look at us and I can see right through
Our relationship don't mean much to you
Well it does when we are face-to-face
You put everything right in its place
And there it stays 'til you turn around

(Chorus)

(Bridge)

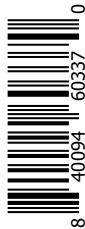

I wish I'd seen you for what you are
Before it all went quite this far
So tell me does it feel so right
When you go to sleep at night

(Chorus)

(Tag)

Oh I took the high road
And you took the low
